The **Festival du Bon Temps Par-en-Bas** is an event of the **Conseil acadien de Par-en-Bas (CAPEB)** organized within a collaboration of many partners. The event serves to promote **local talent** and **acadian artists of performing arts (music, dance, theatre, improv, storytelling) and visual artists (painting, photography, quilts, etc.)** of Nova Scotia. This event will also provide many **activities in french** for all ages during the **Rendez-vous de la Francophonie** so that we may celebrate the fact that we live and express ourselves in french.
